

**Stephanie Haynes** is a Life and Leadership Coach and Consultant specializing in guiding individuals and teams through seasons of transition.

She is a veteran Educator, Speaker, and Author who balances her career with spending time with her husband of 24 years, two children, and two rescue dogs, and spending time outdoors in all the nature South Carolina has to offer.

Specializing in goal setting, time management, and priority identification, Stephanie's vision is to motivate others to take the time to create a compelling vision and develop actionable steps to build it into a reality. Through structured conversations, Stephanie helps her clients identify limiting mindsets, create an awareness of their current circumstances and develop an action plan to move forward with confidence through any season of transition.
